

Need Permits Faster?

PREQUALIFIED ARCHITECTURAL SUBMITTAL SYSTEM

The PASS program has been designed to streamline permitting throughout the Sacramento region. It provides a more efficient and effective plan review process by implementing a clear and concise set of standards for document content and organization. Participation is voluntary and requires a half-day training class. The initial program is targeted at Tenant Improvements and Small Commercial Projects; the program will be expanded in the future.

PASS Jurisdictions now include the Cities of Sacramento, Davis, Elk Grove, Lincoln, Citrus Heights, Rocklin, Roseville, West Sacramento, Woodland, Rancho Cordova, Folsom, and counties of Sacramento, Placer and El Dorado. More jurisdictions will be joining the PASS program soon.

WHO SHOULD TAKE THE CLASS?

- ✓ Architects, Engineers, Contractors and Designers
 - anyone who can legally sign plans for commercial building improvement projects and who wants the benefits of streamlined permitting at participating jurisdictions
- ✓ Plan review professionals - jurisdictions adopting PASS
- ✓ Anyone seeking knowledge of Construction Documents and the Permit Process

ABOUT THE CLASS

This three and a half hour training will familiarize attendees with all aspects of the PASS program including technical requirements for program participants. At the completion of the class, there is a short exam. Successful participants can be placed on a list of prequalified individuals who may sign off on PASS submittals.
